## 1. Compliance testing

### 1.1 Aeronautical testing

Gin Gliders Inc. confirm hereby, that during the aeronautical testing (testing according to EN regulations and general flying behaviour) by factory pilots of:

#### **GIN Calypso – Sizes XXS, XS, S, M and L**

no divergent or negative characteristics flight behaviour have occurred compared to the certified models.

### 1.2 EN 926-1 structural strength requirements and EN 926 series

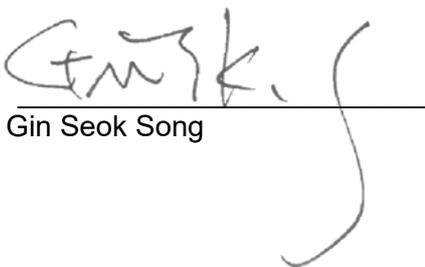

The above stated models have been tested by a testing house in compliance with both EN 926-1 and EN-929-2 and are therefore compliant with the EN 926 series.

## 2. Material change

The above stated models have been tested with the following material change:

- Myungjin 32HF as 70000 - E91 substitute  
Unloaded ribs, Diagonals, Mini ribs

Place / Date: Yongin, 08. October 2021
